MAKE SURE YOUR CHILDREN ARE GETTING BACK INTO THEIR ROUTINES BEFORE SCHOOL STARTS

KEEP KIDS STRONG FROM THE INSIDE OUT

Your child's overall good health can be fostered through eating nutritious foods, getting regular physical activity, and maintaining good sleep habits.

Healthy Eating

Proper nutrition is essential for children to grow and develop. Focus on fruits, vegetables, and protein. Limit sugar, saturated fats, and processed foods.

Regular Exercise

Encourage your children to be physically active for 60 minutes or more each day, like active play at the park or organized sports.

Getting Enough Sleep

Sleep is just as important to your children's development as nutrition and physical activity. Recommended sleep by age:
